SUMMARY

UI/UX Product Designer with 3+ years of experience turning complex requirements into intuitive, accessible, data-rich web and mobile products across healthcare, fintech, B2B, e-commerce, and nonprofit sectors. Owns the full design process in Figma, from research and user flows to scalable design systems, with a firm commitment to accessibility (WCAG). Pairs UX strategy with conversion-focused thinking, and designs and builds live products end to end.

EDUCATION

Sacred Heart University, Fairfield, CT **January 2026**
Master of Science in Digital Marketing GPA 3.6/4.0
Coursework: Web Design, AI for Business, Customer Experience Management (CXM), Marketing Analytics, Digital Advertising.

K.V. Pendharkar College (University of Mumbai) – Mumbai, India **May 2021**
Bachelor of Commerce (B.Com)

UX Research & Design: Wireframing (Low-to-High Fidelity), User Flows, Information Architecture, Responsive Web Design, Cross-Platform Consistency, Mobile App Design.
Design System & Strategy: UI/UX Design Systems, Reusable Components, Grid Systems, Customer Experience (CX) Design, Interaction Details, Conversion Rate Optimization (CRO).
Software & Collaboration: Jira, Agile/Scrum, Cross-functional Collaboration, Design-to-Dev Handoff, Technical Documentation.

WORK EXPERIENCE

UI/UX Designer – Community Dreams Foundation | Remote, USA **Jul 2026 – Present**
- Designed web and mobile interfaces for Dreamstream, the volunteer and program-management platform of Community Dreams Foundation, creating user flows, wireframes, and high-fidelity prototypes in Figma.
- Delivered consistent, responsive page designs across web and mobile, supporting onboarding and program management for volunteers, interns, and program leaders.
- Collaborated with product managers and developers in an Agile setup, handing off design specs for the live platform at cdreamstream.org.

UI/UX Product Designer – Swasthya Lifescience Pvt. Ltd., Mumbai, India **Feb 2023 – Jul 2024**
- Designed end-to-end mobile and web experiences, from user flows to high-fidelity prototypes in Figma.
- Built scalable design systems and reusable components, ensuring cross-platform consistency.
- Simplified complex healthcare workflows through intuitive dashboards and accessible UI (WCAG).
- Partnered with product and engineering teams to deliver pixel-perfect, user-centered solutions.

Jr. UI/UX Designer – Accenture, Mumbai, India **May 2021 – Apr 2022**
- Designed responsive user flows and high-fidelity interfaces for a Fortune 500 B2B platform.
- Developed reusable Figma component libraries to improve design consistency and scalability.
- Collaborated with cross-functional teams to translate business requirements into intuitive experiences.
- Delivered detailed design specifications for seamless developer handoff and implementation.

UI/UX Design Intern – Xarka AI Technologies Pvt. Ltd., Mumbai, India **Jun 2020 – Apr 2021**
- Designed responsive web and mobile interfaces from wireframes to high-fidelity designs.
- Conducted UX research and transformed product requirements into user-centered solutions.

PROJECTS

Live Products: 8 Designed & Built **hritik-gujar.vercel.app**
- **Client projects:** Dreamstream (nonprofit), VIVA Physio Clinic (healthcare), and Craft Fuel (D2C e-commerce).
  Demo projects: Gujar & Sons Cashews (3D e-commerce), Aura Stays (travel), Nimbus (AI SaaS), and Pulse Studio (fitness).

Artha (Fintech Web App, Demo Project) **artha-finance-woad.vercel.app**
- Designed a personal finance and investing workspace unifying budgets, goals, a multi-asset portfolio, and live market data, with every chart also readable as an accessible table.

Capstone: Bigelow Benefits Product Optimization **Sacred Heart University**
- Conducted UX research, competitive analysis, and customer journey mapping, delivering data-driven recommendations to improve product discoverability and conversion.
